

**A PRESENTATION
FOR PARENTS**
featuring
Dr. Arlene Taylor, PhD

11am-12pm.

Dr. Arlene Taylor, PhD (often referred to as the *brain guru*) has spoken to thousands of people at conferences all over the world. She is a sought-after, charismatic speaker who presents practical brain function information in entertaining, educational, and empowering ways.

Dr. Taylor's presentation will offer valuable insight on how to foster healthy and positive brain development in our children. Please join this fascinating discussion!

“No one knows for sure exactly how the brain learns - but it will learn! Depending on the environment, the brain may not learn what you want it to learn and may learn undesirable things. Studies show how the brain learns best!”

You are invited to our Open House
Saturday, November 8, 2014
10:00am-12:00pm
