April Newsletter

Reminders

- **PLEASE Disregard** our spring break dates on our original calendar, we will no longer be closing those dates. We will remain open April 16th and 17th.

- Late Pick-Up

Any pick up past 5:30pm results in a late pick-up fee. Please come in, allow your student to collect his/her belongings, and then sign out. If you would like to check-in with staff in regards to your student, please message us through brightwheel or email us as

info@napavalleymontessori.com .

If further discussion in person is needed, a brief 5 minutes to check-in will be set up. *Staff would like to thank you in advance for your support!*

- Labels

All of your student's belongings need to be labeled with their name. This includes water bottles, lunch boxes, plastic containers, blankets, pillows, stuffed animals, any clothing (especially sweaters/jackets) etc.

Egg Hunt

Friday April 10, 2020

We will be doing an egg hunt on April 10th. We will hide plastic eggs for the students in the playground. We would appreciate any small favors/ items to put inside the eggs. If are you able any items we ask you that they come in an unopen box/bag.

Compost Bin

We are learning about recycling and ways we can reduce our trash. We have begun a composting bin. If any parents know where we can get worms or any tips on starting a compost bin please let us know. We are all excited to learn about composting.

Birthdays in April

Kaylin: April 20th

Czar: April 28th

Message from Mr. B

Dear NVM Families, We hope you are well in the midst of the prevailing COVID crisis. Consistent with local and national measures now being implemented, we join everyone in ensuring the safety and welfare of everyone. NVM is committed to continue our students' learning and skills development with innovative activities supported by technology.

In the interim the K/Elem has been consolidated with Primary in safe, thoroughly sanitized learning areas. This ensures maximum safety, close monitoring, while allowing the Elem area to serve as safety station for isolation and backup learning rooms, if needed. We have modules prepared for students to accomplish, practice skills in reading readiness, math appreciation, as well as developing comprehension, imagination, creative writing skills for upper Elementary. Updates using Marketplace, Zoom, Google, as well as other platforms will be made as soon as our team navigates their ease, accessibility and practicality. We will continue to explore them as the situation demands and allows. Our goal is to reopen the Elem classroom on the 4th of May. Keep safe, and keep the faith. Thank you!

April Primary Lesson Plan

Week 1 Theme: Worm and Composting	Week 2 Theme: Easter/ Egg Hunt
Language: rR Writing/Spelling: Sight words, number practice Sight words: look, the, see Math: Primary: 40-30 TK: Addition and subtraction Sensorial: Making shapes with pink and brown blocks Science: Compost bin Cultural: North America	Language: dD Writing/Spelling: Sight words, number practice Sight words: look, the, see Math: Primary: 40-30 TK: Addition and subtraction Sensorial: Making shapes with pink and brown blocks Science: Rabbits Cultural: Easter /egg hunt
Week 3 Theme: Gardening	Week 4 Theme: Recycling
