

MAY

It's MAY, it's MAY, THE LOVELY MONTH OF MAY.

We have MOMents to remember, as we celebrate that adorable superhero, our MOM, with our different works of art, creative writing and other inspired activities throughout this wonderful month. We thank all our Mothers of our learning community, you complete us. Happy Mothers' Day. YOU ROCK!!!!

Speaking of Stars, we continue our explorations into outer space, as well as man's efforts to discover our galaxy and beyond. We honor as well John Fitzgerald Kennedy on his birthday, May 29, as he laid the foundations for our ventures beyond earth, to allow us over the moon and on it. We will likewise review the lessons of Oscar nominated Over the Moon, part of the celebrations for Asian Pacific American Heritage Month. We also continue our Young Poets First Steps, First Attempts carrying over last April's Poetry Month efforts. As we said last month, please continue to encourage that young writer, enjoying poetry, reading or listening to it.

May 9 is not only Mothers' Day, it happens to be the birthday of James Barrie, who created that little boy who would not grow up, PETER PAN. It would be a great adventure for our children to rediscover this classic, and we shall be doing so this month.

ARTS/MUSIC
