

DECEMBER 2021 NEWSLETTER KINDERGARTEN / ELEMENTARY

WALKING (AND LEARNING) Thru a WINTER WONDERLAND

The year 2021 is about to end and we all look forward to the celebration of the season of merriment and gift giving. We thank all of our parents for your kind and generous support. I wish to personally thank our "NEW" PARENTS, those of the

Kindergarten who have joined us last October in the Lower Elementary. We are truly enjoying a wonderland of learning, of discovery and gaining new friends.

We will celebrate the month with anticipation of the Holiday or Winter Break. With the spectre of the pandemic behind us, we may sing, dance and indulge in our traditional community gathering, our Winter Festival Program. It happens just as the official Winter season begins, on the 22th of December at our favorite performance venue (weather and conditions permitting). We look forward to see you again there.

Our recent case conferences were also great opportunities for us to bond and to exchange impressions, insights. Thank you for your unwavering support, patience and partnership with us. Miss Cindy and I truly appreciate your kindness, your commitment which match our own efforts towards ensuring the success of your student. We are touched and we will continue to engage our students with proactive experiences. We wish all of you the best of the Seasons, looking forward to the coming of 2022 with hope and happiness.

May your days (and nights) be MERRY AND BRIGHT.

MALIGAYANG PASKO PO AT MANIGONG BAGONG TAON.
