

July/August Birthdays **Important Reminders**

- July 5th - Rayna
- July 20th - Ari
- August 2nd - Emma
- August 11th - Kamora
- August 13th - Azrael
- August 28th - Ophelia

Curriculum Plans for July

For the month of July, our curriculum will be changing every week. We are starting off with carnival, then blasting off to outer space, moving outdoors to our camping theme, and finally wrapping up July with a magical Disney adventure.

The children will be learning many new songs, exploring our Montessori toys, and creating fun arts and crafts. We will also be integrating some more traditional Montessori techniques, such as pouring and scooping, enjoying our new peace corner, and finally, gardening outside. We have swapped out our toys to help keep your children busy.

- Please bring your child's water bottle daily. We do not have extra cups and with the heat, staying hydrated is very important.
- Please apply sunscreen to your child before coming to school. We will then reapply it after nap time.
- If your child is in pull-ups, please make sure you provide us with wipes, and that their pull-up is fresh and clean before drop off.
- Please make sure your child has extra clothes that are weather appropriate, With us practicing pouring and scooping, your child may get dirty or wet. We like to send them home clean and dry.
- Our school has transitioned into being nut free due to several children with severe allergies. Please help us keep all the children in our care safe.
