

June:

JUNE brings the SUMMER. We look forward to the change from the past seasons as the heat, sunshine turn up. This will be the month for bidding another school year goodbye, MOVING UP and gearing up for new activities, the GREAT OUTDOORS after this memorable year post Covid restrictions. Change indeed and in deeds ahead. Like Moms last month, we honor our DADS, the Father figures and icons we have

looked up to and relied upon. We greet all our DADS this June, and wish all the best. Other strong figures, however extinct unlike our DADS, are the DINOSAURS, as we celebrate the 1st day of JUNE as INTERNATIONAL DINOSAUR DAY. Bring a DINOSAUR to school. JUNE is National Safety Month, where we continue to teach our students about fire safety, avoiding strangers and other pertinent issues which may need to be addressed as the summer beckons. The 5th of June is also WORLD ENVIRONMENT DAY, where we continue our efforts to reduce, recycle and reuse to help the earth cope up with the prevailing crisis. For NATIONAL FLAG DAY, the 14th of JUNE, we renew activities over the year and continue honoring the legacy of freedom with songs of patriotism and national unity. Marking the great American Eagle on its day (the 20th) complements this theme, which marks the first day of SUMMER as well (Summer Solstice).

SHINE ON, JUNE is due and true.

A special Thank You for all your kindness, gifts and appreciation last month.

SALAMAT PO.
