NAPTIME STUDENTS

Please note that starting January, students that stay for naptime are required to have a roll up nap mat as the new cots we received did not come with coverings. We will continue to ask that their mats come in a reusable bag. Please remember their mats are to come to school on their first day of the week and go home to be washed on their last day of their week.

PICK UP

Please remember to pick your student as close to their assigned pick-up time to avoid any additional charges.

SHOES

All students must bring appropriate shoes to school that allow them to play. Velcro straps, slip-on, or zippered shoes are okay; no shoelaces, no crocs.

COAT, SWEATER, JACKETS, LAVERS

Be sure your student brings a jacket to school every day as students go outside every day if weather permits.

WATER BOTTLES

Please make sure your child brings a water bottle to school every day and is labeled with their name.
