

## May/June Birthdays

- May 1—Malakai
- May 6—Omari
- May 8—Ai Vy
- May 13—Greyson
- May 21—Ngo Chau (Strawberry)
- May 31—Zoey
- June 29—Vincent

## Curriculum Plans For May

For the month of May, the children will be learning about insects. We will be discussing different types of insects, their habitats, looking for insects, and take a field trip to Marshall's Bee Farm.

Ms. Sarah has a lot of fun activities planned for this month. We will also be starting to plant our garden. We are asking for donations of soil, starter plants (strawberries, carrots, sweet peas, and cucumbers). We are also asking for donations of egg cartons, paper towel rolls, and toilet paper rolls. Thank you

## Academics

**Theme:** Insects

**Practical Life:** Pouring and Measuring

**Social Development:** Using our words

## Reminders

- **Peanut Free**

Our school is going back to being peanut free. We have a child with a SEVERE peanut allergy that requires an EpiPen.

- **No Open Toed Shoes**

I know warmer weather is coming up fast, but I must remind everyone to please not send your child with open toed shoes. They don't support your child's feet when they are running and stubbing your toes hurts.

- **Food Your Child Can Open**

Please send your child with food and containers that they can open independently. It is apart of the Montessori philosophy that we foster the children's independence and they do things on their own.

- **Food Must Be Premade and Warm**

Please send your child with their food premade. We are unable to prepare food at the center. If you send your child with hot food, please make sure it is in a thermos. The teachers are sometimes unable to leave the classroom to warm food up for the children.

- **Extra Clothes and Water Bottles**

Please make sure your child has a water cup daily. Accidents happen and it is important for your child to have extra clothes in their cubby.

- **Sunscreen**

The weather is getting nicer. Please make sure we have sunscreen for your child.

- **Label ALL of Your Child's Belonging**

I cannot stress enough the importance of labeling your child's belongings. Many of the children have the same things. This helps the children take responsibility for their own belongings.

**Teacher Appreciation Week**  
**May 1st—May 5th**

## Parent Teacher Conferences

I want to remind everyone that May 22-26th we will be holding parent teacher conferences. We will make a sign up list through Sign Up Genius and send it through Brightwheel. They are not mandatory, but please be on the look out for this information. Conferences are usually about 10 minutes each. Please be on time for your conference.

## REMEMBER

**Marshall's Honey Bee Farm Field Trip  
is on Wednesday, May 10th, 2023**

**10:30 — 11:30 am**

**(Please Bring Your Child's Car Seat if You Cannot Attend)**
