July-August 2026

## Happy Summer, Families!

What an **exciting summer** we've had so far! Our campers enjoyed **discovering** new things, **making friends**, and **creating** wonderful summer **memories together**. As we head into **August**, we look forward to ending the summer with even more engaging activities, adventures, and experiences!

### What We Learned in July

Our campers had an amazing time learning through play and discovery. This month we:

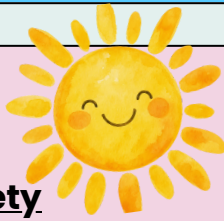

- Celebrated **America's birthday** with patriotic activities
- Built incredible **LEGO** and **Duplo creations** using creativity, teamwork, and problem-solving skills
- Conducted simple **science experiments** that sparked curiosity.
- Explored the fascinating world of **fossils, rocks, nature and the environment**.
- Enjoyed a walking field trip to the **American Canyon Library** where we listened to stories, met librarian Mr. **Derek**, and received our very own library **cards**!

### What We'll Be Learning in August

Our summer adventures continue as we explore exciting new themes! We will learn about:

- **Animals** and their **habitats**
- **Sea creatures** and ocean life
- **Space** and our solar system
- Cooperation, teamwork, and good sportsmanship through **games** and **relay races**.

We're also looking forward to our **field trip to Loma Vista Farm**, where we'll learn about farm animals, plants and nature.
